

PARISIAN SAGE

This Great Hair Grower Now Sold

All Over America

What do you think of the liberal proportion that the Groves Mfg. Co. of Buffalo, N. Y., American makers of Parisian Sage, are putting up to the customers of the Bulletin?—*C. C.*

The groves themselves absolutely declare that they have the only real hair grower, beautifier and hairdressing growth on the market today, and knowing this they have requested them to state to every reader of the Bulletin Co., and to every person living in Norwich and vicinity that they guarantee Parisian Sage to remove every trace of dandruff, hair falling out and hair loss, and to make hair grow.

And every one who reads this important announcement should know that Parisian Sage makes hair grow, not only abundantly, but gives it that lustreous appearance that all desire.

Women will find Parisian Sage the most refreshing and ideal hair dressing, free from stickiness, giving Luster, Softness, &c., at the Lee & Gossard Co., and Groceries everywhere.

I have used Parisian Sage for sometime and think it has no equal as a hair beautifier and scalp cleaner. No more dandruff or faded hair, thanks to Parisian Sage.—Mrs. William Flanagan, Sainte Rose Park, Mich., June 1, 1910.

These Democratic governors—do not fail to realize that their victories impose great responsibilities upon them. Their party will soon need national leaders, presidential timber. The way to earn intermission and promotion is to serve the people faithfully, progressively and efficiently in the state offices—Chicago Record-Herald, independent.

Eight Hundred Feet of Pipe Laid

Satisfactory Progress on Trading Cove Pipeline—Four Weeks' Supply at Mohegan Lake—Test of Yantic River Water Put Over Until Saturday—Gain in Pressure.

All day Tuesday the work of laying the pipe in the stretch to Trading Cove Brook was under way and when the men quit work for the night had laid 100 feet and were laid. The pipe has all been laid in the street at first and a turn made into the bank. At the other end a start has been made and with plenty of room to keep the work moving, everything is in full swing. Construction work will continue on land or secondary right, as it will probably take a large part if not all of next work to finish it, and the superintendent believes that all parts of the job will be completed about the same time as the job completed so that water can be taken from the Yantic River at the start of the stretch four weeks.

The pipe which will be required to lay will probably be 100 feet long and require four weeks.

The pipe and fittings are all ready for use as fast as they can be handled so there is no delay on that score, and it was reported on Tuesday that a second pump had been received.

The well at the mouth of the stream is practically finished, while the location of the pump house was selected on Tuesday.

The work has been put in motion and from now on the pipe laying will progress more rapidly. A station which will be placed near the well through which all the water will pass, has been taken to the roadside. It is about 8¹/₂ ft. and will keep out material likely to clog the pump.

Mohegan Lake Water.

The moderate weather and the rain have been of much assistance and the pressure has risen quite a little this week. On Tuesday houses were able to get water on the second floor when it had been impossible to get on the first floor. The pump was in full operation and office workers during the day were soon back, being over in pounds and during Monday night it went to 52 pounds.

It was voted by the club to omit their meeting next week, but to hold the next session two weeks from now.

Cumming' Feet on the Road.

Secretary of the State Auditorium Committee of Iowa finds the present independent candidate in fact much impressed. Neither is dead politically and Republicans don't mind him. La Follette is left, but compared with the Wisconsin senator, the Iowa radical becomes "safe and sane" in the opinion of his friends—Springfield Republican, independent.
